Dear Mr. Travis Pike,

As the Life Enrichment Director at Casa Glendale, a residential facility for seniors, I am writing to thank you for bringing your showing of *Volunteers for Verdi* to our facility. You actually drew the biggest crowd I have seen at any event to date!

The documentary was absorbing, true to life and inspiring. The residents in attendance appeared to be engrossed and many reported that it was, "great". I even caught them talking about it later!

It was especially considerate that you came to answer questions and talk about the show as well. A huge thank you again!

Sincerely,

A handwritten signature in cursive script that reads "Angela Parkins". The signature is written in black ink and is positioned below the typed name "Angela Parkins".
