Seeking Positive Solutions to our Most Challenging Problems

Dear Mr. Pike

I always loved Dr. Seuss Stories and his magical voice, which charmed virtually all who saw and heard them. Then he died and who will fill the void I sadly thought. Then along came fate and brought GRUMPUSS and Travis Pike with a new magic and joy. So cheer up world, and every girl and boy, because Travis has picked up where Dr. Seuss left off – led by his cat GRUMPUSS by name – has opened a new world of stories, imagination and games.

Travis Pike has been on our Radio Program, "POSITIVE PRESS on the AIR", WAAT – 750 am. twice on November 19th, 1999 (GRUMPUSS) and December 20, 1999 (SANTA'S MAGIC). He has certainly gotten my attention with his unique story of GRUMPUSS put to rhyme that is incredibly captivating and entertaining. I've listened to it while I driving to my destinations. I'm always in a hurry where ever I'm going and GRUMPUSS has slowed me down.

I'm POSITIVE that almost everyone will find what we've found in your work. Great pleasure and highly entertaining. "Truly a work of art, you see – that I'm sure, gave you as much pleasure writing as it did for me." Keep the magic coming!

With deep respect and admiration,
